

New ways to move.

SWIFT Pro

SWIFT home lifts represents the future of stylish living, allowing you to move smoothly and swiftly between floors in your home. Enjoy everyday luxury and the highest level of safety for peace of mind.

SWIFT is specifically designed to integrate seamlessly into your home without any of the complicated building work required by traditional elevators. It is safe, smart and silent.

SWIFT Pro is our most advanced home lift, featuring a premium design, a dynamic 10-inch touch display, and various options for personalised settings.

100% Battery Driven

Powered by a SWIFT-developed screw and nut drive, SWIFT Pro offers the sweet sound of silence. This machine-room-less lift uses a state-of-the-art 48V battery-driven IPM-SynRM motor with next-generation motor control technology.

Please visit [swiftlifts.com](https://www.swiftlifts.com) for more information.

SWIFT

EcoDrive

48V battery bank dynamically • Powered by a battery charger. charged when traveling down. • Powered by solar panels. (optional)

A-rated Energy Consumption

Consumes energy comparable to an A-rated dishwasher at full operation (VDI 4707). Lowest maintenance cost on the market thanks to EcoDrive.

Easy Installation

All-inclusive lift and shaft package. Floor installation possible. 230V single-phase installation.

Touch Display

Intuitive design. Customisable floor names. User profiles for personalized lift and door speed settings.

Customization Options

Carefully selected ArtWalls, colours, light features and flooring options to match personal preferences.

Anti-trap System

Maintains full operation during external power failures. No need to be anxious.

SWIFT Remote

Always connected for remote monitoring to minimize maintenance and service costs and to optimize functionality.

Sustainability

Over 90% of components are recyclable.

Warranty

10-year warranty for the screw and nut drive system. 5-year warranty for the lift (requires a Support and Maintenance package).

Technical Compliance

Complies with Europe's strictest safety requirements. (European Machinery Directive 2006/42/EC)

SWIFT Pro

The home lift features a shaft and an L-shaped platform that smoothly moves you between floors. It is controlled by a 10-inch touch display loaded with smart features.

Touch Display Functions

- Various modes to suit everyday needs.
- Floor lock to restrict access to certain floors.
- Child lock to limit lift usage.
- Customisable settings for lift operation, travel view, and lighting.
